ECOCLEAN

Heavy Duty Detergent Sanitiser

A heavy duty detergent with a powerful sanitiser and natural citrus solvents. EcoClean is an excellent floor cleaner and degreaser.

Procedure:

- For general cleaning use Ecoclean at a dilution rate of 1 in 80.
- For heavier soils and baked on dirt, a 1 in 40 dilution rate may be required.
- Rinse surface with potable water after use.
- Ecoclean may be used through a higher pressure cleaner and is considered safe to use on all surfaces including aluminium.

This Product has been independently tested and approved by Accords Recognised environmental credentials scheme.
