# ECOCLEAN H10

## HEAVY DUTY CLEANER DISINFECTANT SANITISER

### DESCRIPTION

ECOCLEAN is a bright yellow liquid combining a heavy duty detergent system with a powerful disinfectant and natural citrus solvents. Ecoclean cleans and sanitises all surfaces and is safe on all metals including aluminium. Ecoclean can be used for a number of purposes from degreasing equipment, to dissolving cooking oils and baked on grime from kitchen surfaces. It is also an excellent floor cleaner

### APPLICATIONS

Ecoclean can be used on a wide range of applications and include the following:

1. Floors – For the mopping of kitchen floors to remove greasy food soils and associated grime.
2. Bathrooms – For the removal of body fat and soap scale build up.
3. Spray 'N' Wipe applications – effectively cleans to a streak free and antibacterial finish.

### FEATURES

- ◆ One Step Process
- ◆ Contains corrosion inhibitors for sensitive metals.
- ◆ Heavy duty cleaning action
- ◆ Contains a high level of quat sanitiser
- ◆ Contains natural citrus solvents and impart a fresh fragrance.
- ◆ Phosphate Free formulation
- ◆ Fully biodegradable

### BENEFITS

- ◆ Cleans, sanitises and deodorises in one action
- ◆ Safe on all surfaces to be cleaned.
- ◆ Assist in removal of fatty, greasy soils
- ◆ Will clean effectively in heavily soiled conditions.
- ◆ Sanitises at economical dose rates.
- ◆ Product registered under Accord's "Recognised - Environmental Credentials Scheme"

### DIRECTIONS FOR USE

For general cleaning use Ecoclean at a dilution rate of 1 in 80.

For heavier soils and baked on dirt, a 1 in 40 dilution rate may be required.

Rinse surface with potable water after use.

Ecoclean may be used through a higher pressure cleaner and is considered safe to use on all surfaces including aluminium.
